01

Inspired by a boat chair found in an old Belgian warehouse, our Pivot Chair pays homage to a simple mechanical solution to a problem of finding rest on a moving boat. This Pivot Chair might not be moving you while on the sea but it will certainly guarantee your comfort at home, around your dining table or in your office.

KLEIN HOME / PIVOT CHAIR

 6-7 weeks

02

A simple steel frame elegantly captures two leather upholstered metal pans. Curved slightly, the pans rotate around pivot points at the front and back edge of the chair.

03

The Pivot Chair is a chair for your home or your office; it sits around the kitchen table; it's lined up and down the conference table. It lives multiple lives, serves numerous uses; while always making each and every user comfortable.
